Open Issues

Purdue Project

Amy updated us with the news of the project coming to a close at Purdue University. We only had a successful pregnancy of 1 sow with Super-UK semen.

Website

We were updated about the progress of the website and that it is now live. There have been a few hiccups, but over all it is running well.

We also have the added form of Death Notice.

We had no Advertising updates.

Richard Pomeroy's invoice has been paid.

Discussion was had about the registration process from the last meeting. Alan made a motion to update forms for a combination Birth Notification and Litter Certificate and the Registration number would not be awarded until the animal is registered by the Breeder into the Buyer's name. Ramona seconded. Passed unanimously.

DNA was once again discussed. It was once again tabled.

Adjournment

Meeting was adjourned at 9:28 pm by Alan McKamey, seconded by Kelly Luzier. The next general meeting will be at 8:00 PM EST on January 5, 2021, on Zoom Conferencing.
